

REQUEST FOR PROPOSAL
CONFERENCE SECURITY SERVICES

The Directed Energy Professional Society (DEPS) is seeking proposals from qualified Contractors to provide security service for symposia and conferences in Monterey, California from 17 to 22 November 2024 and in Albuquerque, NM from 2-7 February 2025. This document is a Request for Proposal (RFP) for the services described below and does not obligate Directed Energy Professional Society to accept responses from eligible Contractors. The RFP establishes minimum requirements a bidder must meet in order to be eligible for consideration as well as information to be included in the Contractor's bid response.

Carefully examine the specifications, conditions, and limitations.

The selection of the successful Contractor will be made based on the Directed Energy Professional Society's evaluation and determination of the relative ability of each Bidder to deliver quality service in a cost-effective manner.

The following specific criteria will be evaluated and must be addressed in the proposal:

1. Company History and Organization
2. Management Approach
3. Personnel with secret clearance
4. Cost Proposal and Invoicing
5. References
6. Experience supporting security requirements of Directed Energy symposia.
7. All personnel of contractors will be vetted by DEPS Facility Security Officer, and DEPS Staff

Statement of Work:

During the term of an agreement, the contractor shall furnish 1 to 6 number of unarmed guards for the two events mentioned above.

This will be a time and materials type contract. DEPS will reimburse contractor efforts expressly required in contract. Amounts stated in a contract will be not-to-exceed (NTE). If required, additional labor hours may be purchased from the Contractor at an agreed to labor rate. The labor rates of the bidder shall include any overhead and G&A fees.

Directed Energy Professional Society is not obligated to accept the lowest bid and reserves the right to reject any and all bids or amend the scope of the project. All of the Bidders must be duly licensed or otherwise have the ability to perform work in accordance with all governing security regulations authorities and to the satisfaction of those authorities including NIST and NPS.

Please send proposals to Directed Energy Professional Society 7770 Jefferson Street NE, Suite 440, Albuquerque, NM 87109 or EMAIL to harry@deps.org.
